Two-wheeler sales steal the show in April

FE BUREAU New Delhi, May 14

THE OVERALL PASSENGER vehicle dispatches from companies to dealers rose by a marginal 1.3% year-on-year to 335,629 units in April, according to Society of Indian **Automobile Manufacturers** (Siam). While, utility vehicle sales

during the month was up 21% at 179,329 units, passenger car dispatches declined by 23% to 96,357 units. Van sales rose 15% to 12,060 units.

Two-wheelers showed a good performance with wholesales rising 31% to 1.7 million. While, motorcycle wholesales stood at 1.1 million units, up 34%,

scooter wholesales rose 25% 581,277 units. Three-wheeler wholesales

rose 14.5% to 49,116 units. Siam president Vinod Aggarwal said the current fiscal has started on a reasonably good note for the auto industry, as all the segments have posted growth in April 2024, compared to April 2023, driven by positive consumer sentiments and festivities during the month.

"Above normal monsoon rainfall, policy continuity post-elections and government's push on manufacturing and infrastructure would propel the overall economic growth which would help in continuing the auto sector's growth trajectory," he added.

T20 World Cup ad money set to double to ₹2,000 cr

"WE HAVE A three-pronged strategy for the T20 World Cup. One is to make sure that the tournament is available on any screen, whether TV or digital. Second is to keep client interests at the heart of all discussions. Third is to ensure that advertisers can participate in cricket through customised offerings and audience engagement initiatives," Ajit Varghese, head, network advertising sales, Disney Star, said. Ad rates for the T20 World

Cup have been pegged at ₹6.2 lakh per 10 seconds for TV sponsors and ₹6.4 lakh per 10 seconds for spot buyers, lower than the ₹9-10 lakh per 10 seconds that Disney Star had sought in 2022. The competitive pricing

this year, say experts, is aimed at ensuring that ad volumes don't fall due to high ad inventory prices during the tournament. India matches and knock-

out games, though, are priced higher at ₹13-26 lakh per 10 seconds on television. On digital, the cost per

thousand impressions (CPM) rates for the entire tournament are ₹230 and ₹500 per 10 seconds for India and play-off matches.

Reliance plans mega push on distribution

CAMPA, FOR INSTANCE, is widely distributed in states such as Tamil Nadu, Andhra Pradesh and Telangana at the moment, where distributor margins being offered by the firm are in the region of 6-8%, which is on a par with the industry average, trade sources said.

In the consumer staples segment, where Independence operates, RCPL is offering a distributor margin of 6%, ahead of the industry average of 4-5%, the sources said. This has helped the firm find crucial shelf space in cluttered FMCG markets such as Gujarat, Uttar Pradesh, Bihar, Punjab, Haryana and Delhi-NCR.

RPCL has priced Campa at ₹10 for a 200 ml bottle and ₹20 for a 500 ml bottle. Soaps, detergents and shampoos have been priced 30-35% lower than competitors.

"We are building the supply chain for these products (Campa Cola and Independence), so that we can have localised infrastructure in dif-

ferent parts of the country, as we look to scale up these businesses," Dinesh Taluja, chief financial officer, Reliance Retail, said during Reliance Industries' Q4 earnings call last month.

During RIL's 2022 annual general meeting (AGM), Reliance Retail Ventures' executive director Isha Ambani had laid out her vision for the FMCG business, which was launched at the end of that year. "The objective of this business is to develop and deliver high quality, affordable products which solves every In-

dian's daily needs," she said. AGM, Ambani provided an update on the business, saying RCPL had made a strong start by entering several FMCG categories through multiple brands

and strategic partnerships. "We have acquired and partnered with several such brands like Campa Cola, Sosyo, and Lotus. We have launched Campa Cola with the promise of Great Indian Taste, and consumers have embraced it wholeheartedly. We are scaling it up further in India," she said, adding that partnerships with companies

such as General Mills and Sri

The Big Tech firms like Apple India, Google, Meta, Flipkart,Uber,Swiggy,Zomato,Oyo, and others have strongly opposed the ex-ante regulations. Apple India, for instance, has favoured a light-touch regime which promotes innovation in its response to the government.
