India offers Sri Lanka \$400 m to develop infra

NEHA DASGUPTA New Delhi, November 29

INDIA WILL LEND Sri Lanka \$400 million for infrastructure projects. Prime Minister Narendra Modi said on Friday after talks with the island nation's new President Gotabaya Rajapaksa aimed at improving bilateral ties.

Sri Lanka, located off the southern tip of India, has become an arena of competing influence between New Delhi and China, which has built ports, power stations and highways as part of President Xi Jinping's signature "Belt and Road Initiative", designed to boost trade and transport links across Asia.

But the terms of some of those projects have drawn criticism from politicians in Sri Lanka and opened the way for countries such as India, the US and Japan to rebuild ties in the Indian Ocean country that lies near key shipping lanes.

Rajapaksa, Sri Lanka's former wartime defence chief, is on his first visit to India after a sweeping election victory won on a platform promising to pull the country out of its deepest economic slump in more than 15 years.
